EDUCATION

Bina Nusantara University

Bachelor of Computer Science

Kemanggisan, Jakarta Barat

July 2024 – Now

EXPERIENCE

Software Developer

May 2025 – Present

MSI (Media Sistem Integrasi)

jakarta, Indonesia

- Developed an internal web application for property management clients using .NET Razor Pages, C#, and SQL Server based on functional business specifications.
- Implemented General Ledger & financial reporting (P&L, Balance Sheet) featuring automated period-closing and double-entry bookkeeping.
- Built Accounts Receivable & Accounts Payable workflows, integrating invoice tracking, payment aging analysis, and transactional ledgers.
- Authored parameterized T-SQL stored procedures, CTEs, and indexes for transactional CRUD operations and report generation.

PROJECTS

Accounting System for Property Developer | .NET Razor Pages, C#, SQL Server

May 2025 – Present

- Implemented General Ledger & financial reporting (P&L, Balance Sheet) with automatic period-closing and strict double-entry bookkeeping
